Message from the Founder & CEO

in previous years. Our 3689+ students qualified for the NEET examination in flaring ranks & are studying in various government medical colleges. We achieved this in just four years of our journey. (2017 to 2020)

We always want to make education an affordable tool to a student's betterment. Our motive and vision are to develop self-confidence and positive thoughts that help them gain success in their lives later.

IITPrep is where you can fulfil your dream by realizing your potential for success in IIT JEE.

We all know that we are living in a fast-changing complex society, which presents us with challenges and opportunities. It all depends on every individual how one responds to the situation with the right attitude. We work hard to make every day of learning a special day for every student who enters the portal of IITPrep, with a heart and mindset to grow more than yesterday.

As Swami Vivekananda said, "Truth can be stated in a thousand different ways, yet each one can be true." Education here, in IITPrep, helps our students find that truth.

The true hallmark of that education is the one that forms the character, increases the strength of mind, expands the intellect, and by which one can stand on one's own feet. We give our students ample opportunities to seek out that education, discover the truth, and remember to use it well.

I welcome you all to this great institution of competitive learning and assure you of a nurturing and caring online environment that will see all of you blossom into empowered, sensitive human beings and a good engineer.

Wish you all the best...!

Dr. Geetendra Singh

Founder & CEO, IITPREP

I remember these words of former Prime minister of the UK, Benjamin Disraeli, which advocates that we need better education to have better thoughts, better human persons, and build a better society.

I firmly believe that every human being endowed with various talents and skills is a precious gift of God. I am delighted to bring you the IITPrep. A part of the renowned and prestigious online institution - Biomentors Online, IITPrep provides value-based wholesome quality education to qualify India's most challenging exam IIT JEE.

I welcome all the parents and students for the new Academic Session for IIT JEE 2022 & 2023. IITPrep is an institution dedicated to student's services and excellence for their better education. We always appoint highly qualified and dynamic faculty, which nurtures the students in the best possible manner and help them to imbibe success & motivate them to work hard.

We are proud of our achievements

“

Develop a passion for learning. If you do, you will never cease to grow

Anthony J. D'Angelo

About **IITPREP**

IITPrep is an online institution that helps students with IIT JEE Exam preparation. Combining Innovative technology with interactive and holistic teaching methods, we enable students to achieve their dream of cracking one of the toughest Engineering entrance exams - IIT JEE. We strive each year to provide affordable and top-quality education to every engineering aspirant. Our team of highly experienced faculty is dedicated to guide students throughout their preparatory journey and give them a head start for their future.

Mission

At IITPrep, we dedicate ourselves to nurture and deliver the best engineers to the nation. We prepare engineering aspirants on the academic front and help them cultivate solid ethics and character through discipline. Our mission is to enable students from the most remote parts of the country to access the best education and crack the IIT JEE exam. Through cutting-edge tech and innovation, we hone the skills of young aspiring engineers and help them accomplish their goals. We are proud to educate and mould future engineering warriors.

Vision

With skyrocketing coaching fees, Quality Education today seems to be a privilege of the rich. We believe that all students deserve an opportunity to receive the best education and an equal chance irrespective of their financial status. Our bold vision is to level the playing field and make high quality education affordable and available to everyone. We aim to simplify and elevate the learning experience and make IIT JEE a reality for our students.
